## 2011-2015 ASEAN-JAPAN PLAN OF ACTION

On 18 November 2011, at the occasion of the 14th ASEAN-Japan Summit in Bali, Indonesia, the Heads of State/ Government of the Member States of the Association of South East Asian Nations (ASEAN) and Japan adopted the Plan of Action to implement the Joint Declaration for Enhancing ASEAN-Japan Strategic Partnership for Prospering Together endorsing, inter alia, the following five strategies in view of the changing environment in the region and the huge potential that it presents for ASEAN and Japan:

- Strategy 1: strengthening political-security cooperation in the region;
- Strategy 2: intensifying cooperation towards ASEAN community building;
- Strategy 3: enhancing ASEAN-Japan connectivity for consolidating ties between ASEAN and Japan;
- Strategy 4: creating together a more disaster-resilient society; and
- Strategy 5: addressing together common regional and global challenges.

Since the signing of the Tokyo Declaration for the Dynamic and Enduring ASEAN-Japan Partnership in the New Millennium in 2003 by the Leaders of ASEAN and Japan, significant progress has been recorded in ASEAN-Japan Strategic Partnership cooperation. Since the signing, ASEAN has undergone significant transformation through the entry into force of the ASEAN Charter, the adoption of the ASEAN Leaders' Declaration on the Roadmap of the implementation of the ASEAN Community Blueprints, the establishment of the Committee of Permanent Representative to ASEAN and the appointment of the Ambassador of Japan to ASEAN.

ASEAN appreciates the continued strong commitment of the government and the people of Japan to deepen and expand the strategic partnership adopted during the 9<sup>th</sup> ASEAN-Japan Summit in Kuala Lumpur, Malaysia in 2005. The Japan-ASEAN Integration Fund (JAIF) has played an important role to deepen and expand strategic partnership cooperation and to strengthen ASEAN's effort to establish the ASEAN Community by 2015.

Building on the successful implementation of the previous ASEAN-Japan Plan of Action and within the framework of the implementation of the ASEAN-Japan Plan of Action to implement the Declaration for widening and expanding ASEAN-Japan Strategic Partnership (2011-2015), ASEAN and Japan have developed programmes and activities covering many areas of cooperation on political-security, economic and sociocultural cooperation aimed at establishing the ASEAN Community by 2015 and strengthening the strategic partnership cooperation between ASEAN and Japan. Cooperation will also be implemented in the framework of the other ASEAN's mechanisms such as the ASEAN Regional Forum (ARF), ASEAN Plus Three (APT), East Asia Summit (EAS) and ASEAN Defense Ministers' Meetings Plus (ADMM Plus).

In order to continue deepening and expanding the ASEAN-Japan Strategic Partnership and to mutually support the establishment of the ASEAN Community by 2015 and the recovery of Japan, ASEAN and Japan will pursue the following joint actions and cooperation, in conformity with their respective obligations under international law and in accordance with domestic laws and policies:
