### Accolades

- 2019, Titans of Nuclear Podcast Appearance: <https://www.titansofnuclear.com/helencook>
- 2017 National Law Journal, Washington DC's Rising Stars Award
- Featured in the 2017 issue of the IAEA Bulletin "showcasing the achievements and perspectives of eight exceptional women in the nuclear field"

Helen Cook is the Principal of GNE Advisory Pty Ltd., a law practice dedicated to all aspects of the civil nuclear sector.

### Key credentials include:

- **Comprehensive nuclear expertise:** Advises on establishment of the legal and regulatory infrastructure for civilian nuclear power programmes and the negotiation of commercial contracts for new nuclear power plants, including procurement, construction and financing.
- **Major global projects:** Advised on nuclear projects and transactions in the United Kingdom, the United States, United Arab Emirates, Egypt, Turkey, Japan, India, Estonia, Denmark, Bahrain, Saudi Arabia, Ghana and South Africa and represented governments, regulatory authorities, owner/developers, reactor vendors, equipment suppliers, export credit agencies, fuel suppliers, uranium traders and hedge funds on nuclear energy matters.
- **Legal textbook:** Author of the comprehensive legal textbook, *The Law of Nuclear Energy* published by Sweet & Maxwell, (Third Edition forthcoming in 2021), reviewed in the International Energy Law Journal by Tim Stone CBE, Chair of the Nuclear Industry Association of the UK.
- **IAEA expert:** Recognised by the International Atomic Energy Agency (IAEA) as a nuclear law expert. Legal expert on IAEA missions to Morocco, Saudi Arabia, Mexico, Jordan, Egypt, Costa Rica and Poland, as well as at numerous IAEA Technical Meetings in Vienna. Currently participating in the IAEA Cooperative Research Project on Economic Appraisal of Small Modular Reactors and the Development of Generic User Requirements and Criteria on SMR Technology.
- **Industry leader:** Executive Committee Member of Australian Nuclear Association. Former Chairperson of the Law Working Group of the World Nuclear Association (September 2016 - June 2018) and Vice Chairperson (September 2014 - September 2016).
